Position #: 13-0346

HSN is seeking a medical leader with demonstrated experience in the Care of the Elderly to provide outpatient assessment, treatment and follow-up care to patients in the Short-Term Assessment and Treatment Centre (STAT).

Reporting to the Vice President of Clinical Programs and Chief Nursing Officer and the Medical Director, Medicine and Rehabilitation, the Medical Lead, Seniors Care, will work in collaboration with the Medical Director, Medicine and Rehabilitation and other key individuals, to support this developing service at Health Sciences North which aims to improve the patient's function and cognition, and prevent frailty and premature nursing home placement by providing short-term comprehensive inter-professional outpatient services to support elderly patients >65 years after discharge from the hospital or referred to the service through the primary care provider after assessment by North East Specialized Geriatric Service.

The successful candidate will be a physician from the HSN medical community, who maintains active privileges and an independent CPSO license. He/she will have demonstrated credentials in the Care for the Elderly or demonstrated equivalent experience. Bilingualism is an asset.

Interested applicants are asked to apply directly to Posting #13-0346 on the HSN Careers Website at www.hsnsudbury.ca. HSN thanks all interested applicants; only those selected for an interview will be contacted. A full job description is available upon request.
